## Quentin Meillassoux Philosophy in the Making

By *Graham Harman, American University in Cairo*

- ▶ The first book on Quentin Meillassoux
- ▶ Includes the first ever English language interview with Meillassoux and the first published excerpts from *L'Inexistence divine* in any language
- ▶ Written by one of Meillassoux's fellow founding members of the Speculative Realism movement

'Quentin Meillassoux's entry into the philosophical scene marks the beginning of a new epoch: the end of the transcendental approach and the return to realist ontology. Harman's beautifully written and argued book provides not just an introduction to Meillassoux, but much more: one authentic philosopher writing about another – a rare true encounter. It is not only for those who want to understand Meillassoux, but also for those who want to witness a radical shift in the entire field of philosophy. It is a book that will shake the very foundations of your world!'
